It's wonderful... to see curlews and lapwings arriving on Barningham Moor during March for their nesting season! **Meanwhile,** let's look at the law pertaining to dogs... **"Dogs on open access land:** You must keep your dog on a lead no more than 2 metres long on open access land between 1 March and 31 July - to protect ground-nesting birds" (ref. <https://www.gov.uk/right-of-way-open-access-land/use-your-right-to-roam>) That's before mentioning their abandoned excrement... (Ed.)

Round the corner...

We have this winter had the privilege of seeing a pair of barn owls hunting on ungrazed areas at the top end of the village. Global warming is not all bad news – the owls survive mild winters much better.

The tree planting we had to carry out this winter has been completed: trees have been planted in field corners; planting and renovating hedges; extending and renovating woodlands. We hope the coming Spring is not too dry and the trees do well. Most trees are cell-grown trees rather than bare-root plants, which tend to do better in dry weather. About 5,000+ trees have been used this winter.

The grass is growing, the blackbirds are nesting, spring is round the corner – time to get the mowers out!

Do what you love doing and you will not work a day in your life. Take care everybody.

Phil, Angela & Mark Thompson, Barningham

Email: elliott.brown@northyorkshire.police.uk

NEIGHBOURHOOD WATCH: Using three random words is the recommended way of generating passwords, as it's easier to remember and takes trillions of years for a computer algorithm to crack. The National Cyber Security Centre (NCSC) recommend using three random, non-associated words, such as planegiraffetable. Do not use words that are associated with you, for example names of pets or surnames, as these are easy to identify if you are someone who uses social media. Turn on two-factor authentication (2FA). Two-factor authentication is a free security feature that gives you an extra layer of protection online and stops cyber criminals getting into your accounts - even if they have your password. Visit our website for more guidance on creating strong passwords! 2FA reduces the risk of being hacked by asking you to provide a second factor of information, such as getting a text or code when you log in, to check you are who you say you are.

Thanks to John Hay for our Neighbourhood Watch updates

News on what's been happening

Dalton Amateur Dramatic Society performed Sleeping Beauty in February and raised over £3,000 for the hall funds, so a big thank you to the cast and production team giving us a good dose of laughter at this time of the year. The Hall AGM was on the 12th March with reports from the Chair, Alison Brooks and the Treasurer, Dave Matthewman. Two members retired off the committee and 1 new member joined. We still have space for 5 new members, if you would like to help us run the hall. Some good ideas for future events were discussed and overall the hall is in good shape going forward.

Fancy a game of **Table Tennis**? Dalton & Gayles Village Hall now has one you can hire – contact Sue Farr on 07761 800643 to arrange a time to play. Prices: £5.00 for a family, £2.00 per adult, £1.50 per child under 16. Children under 16 must be accompanied by an adult. We are hoping that a regular session would allow people to come along and play and hopefully a club could be formed. If anyone is interested in running a club, please let Sue know.

Gordon Tweddle from Acorn Dairy was our March speaker. After an illustrated talk about the dairy and his cows, he told us the benefits of organic milk and brought samples of the different kinds to try; whole milk, semi-skimmed and skimmed. He also brought their wonderful butter to sell and kefir. As a bonus at the end he showed us pictures of his trip to New Zealand. A truly enjoyable evening.

At our April meeting, on Tuesday 2 April, we have Martin Peagram from Hearing Dogs for the Deaf, whom is bringing his dog Inca, so should be an interesting meeting.
